Warranty

Every Window Treatment fabricated by Blind X-Press is to be free of manufacturer's defects in material and workmanship for the lifetime of the product, with the exception of PVC which is guaranteed for three years against warpage, twisting, bowing and surface change. Blind X-Press will repair or replace any defective parts or materials to the original buyer at retail. Blind X-Press reserves the right to have any defective materials returned before goods are replaced.

This warranty does not cover normal wear and tear or any damage or loss caused by abuse, misuse, improper installation, direct exposure to salty air, chemical fumes, extremes in humidity, or the color change that takes place with the passage of time. It does not cover damage caused by cleaning methods that use abrasive solutions. Maintenance and cleaning of the blind must be in accordance with the instructions provided with the product. Colors vary from dye-lot to dye-lot and may not exactly match sample swatches or previous purchases.

Repair or replacement of defective products are your sole remedy under this warranty. In no event shall Blind X-Press be liable for transportation costs to or from the dealer, costs of removal or installation of the product. To obtain service under this warranty, return the product along with the original sales receipt.

Installation of vinyl vertical vanes installed inside of a patio or sunroom will reduce the vane warranty to 1 year.

Vertical blinds are not intended for installation near heat sources such as radiators and heat registers which can compromise the integrity of the vertical material or in locations where temperatures within the window casing will exceed 120 degrees, including older single pane or aluminum frame windows that conduct and amplify outside heat into the window casing.
