FREIGHT POLICY

STANDARD SHIPPING & HANDLING, DELIVERY & FREIGHT POLICIES:

- Minimum freight charge \$25.00 per order
- Blind size up to 60" \$8.50 per blind/shade, minimum \$25.00 per order.
- Blind size 60 1/8" to 90" \$8.50 per blind/shade plus additional \$40.00 per order.
- Blind size 90 1/8" to 116" \$12.50 per blind/shade plus additional \$135.00 per order.

Call for a quote on the following:

- Blind size over 116"
 - Orders shipped outside of Michigan requiring common carrier
- Freight charges will be billed in full for all stock, samples, non-complete blind orders and warranty repairs.

Other surcharges may apply (i.e., lift-gate, ferry fees, inside delivery, call before delivery, call notifications, etc.) These charges do not apply to expedited, same day, express, air freight, overnight, 2nd day, or 3rd day shipping services. Additional rules, restrictions and limitations apply. Please contact customer service for applicable surcharges and rate quotes.

FedEx Ground & Freight Damages:

Drivers must wait for all merchandise to be inspected and verified as received in good condition. Damages to merchandise shipped via FedEx Ground should be marked and signed for as damaged at the time of delivery. Additionally, photos of the damaged boxes or product should be submitted. Blind X-Press must be notified immediately after the date of the delivery.

- You have the right to refuse the entire shipment if you should suspect any damage.
- Claims for concealed damage or shortage must be filed within 5-days of delivery date.
- The portion of an order reported damaged via FedEx ground will be remade at no charge.
- Blind X-Press reserves the right to request the product back from the customer.

REPAIR NET SURCHARGES

REPAIRING SERVICES	NET SURCHARGE/ PER SHADE
Shorten the shade height	\$21.00
Cut down the width	\$21.00
Restring	\$26.00

Same day production rush	\$40.00
24-hour rush	\$15.00
48-hour rush	\$8.00

WARNING

ADVERTENCIA

Window Blind Cord Strangulation Risk
Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords

Custom Cellular Fabric Selections and Color Coordination - I

Blind X-Press cellular shade collection is one of the most fashionable and comprehensive in the industry. We offer a variety of single cell, cell-in-a cell, and double cell cellular shade fabrics, from light filtering to blackout, in neutral tonal shades to rich pigment tones. Specialty fabrics such as sheer, whisper woven, slub woven, designer prints, and LUX Linen offer a diverse range of options. Fire retardant fabrics are also available for commercial use.

Note: The measurement of stacking height includes the height of the standard headrail (3/4" or 9/16" headrail) for each fabric. The sizes of headrails are listed on the previous page. All stacking sizes are approximate.

* LF stands for the light filtering fabric; BO stands for the blackout fabric.

Mounting Space							
Cell Size	Mount Space By The Headrail Type		Clutch	Clutch TDBU	Cordless	Cordless TDBU	Motorization
9/16" & 7/16"	9/16" headrail (standard)	Minimum mounting space	7/8"	7/8"	7/8"	7/8"	7/8"
		Minimum flush mounting space	2"	2"	2"	2"	2"
	3/4" headrail	Minimum mounting space	1/2"	1/2"	1/2"	1/2"	1/2"
		Minimum flush mounting space	2-1/2"	2-1/2"	2-1/2"	2-1/2"	2-1/2"
3/4"	9/16" headrail	Minimum mounting space	7/8"	7/8"	7/8"	7/8"	7/8"
		Minimum flush mounting space	2-1/8"	2-1/8"	2-1/8"	2-1/8"	2-1/8"
	3/4" headrail (standard)	Minimum mounting space	1/2"	1/2"	1/2"	1/2"	1/2"
		Minimum flush mounting space	2-1/2"	2-1/2"	2-1/2"	2-1/2"	2-1/2"
1-1/4"	9/16" headrail	Minimum mountingsSpace	7/8"	7/8"	7/8"	7/8"	7/8"
		Minimum flush mounting space	2-1/2"	2-1/2"	2-1/2"	2-1/2"	2-1/2"
	3/4" headrail (standard)	Minimum mounting space	1/2"	1/2"	1/2"	1/2"	1/2"
		Minimum flush mounting space	2-5/8"	2-5/8"	2-5/8"	2-5/8"	2-5/8"

Note. For the minimum mounting space of 1/2", it is required to use #4 x 3/4" flat head screws that are not included in the hardware package.

Continuous Cord Length	
Shade Height	Length
< 40"	2 feet
40" - 57.9"	3 feet
58" - 72.9"	4 feet
73" - 85.9"	5 feet
86" - 107.9"	6 feet
≥ 108"	8 feet

Headrail Bracket Quantity	
Shade Width	Quantity
7" ~ 36"	2
36.1" ~ 72"	3
72.1" ~ 96"	4
96.1" ~ 120"	5
120.1" ~ 144"	6

Manufacturer's suggested retail price

Notes

- The 2-on-1 and 3-on-1 headrail option is strongly recommended for the shades measuring 96" or more in width or height.
- Product price only, not including freight, taxes, and other surcharges associated with the custom shade/ requests.
- Base prices apply to cordless and clutch shades. Please check the surcharges for the different operating systems.

Manufacturer's suggested retail price

Notes

- The 2-on-1 and 3-on-1 headrail option is strongly recommended for the shades measuring 96" or more in width or height.
- Product price only, not including freight, taxes, and other surcharges associated with the custom shade/ requests.
- Base prices apply to cordless and clutch shades. Please check the surcharges for the different operating systems.

Surcharges, Size Limitations, and Features

Surcharges	Add to the cordless shade price (MSRP)
Premium Cordless	No additional surcharge
Premium Cordless Top Down Bottom Up	\$80.00 per shade
Clutch	No additional surcharge
Clutch Top Down Bottom Up	\$80.00 per shade
Non-moveable arch, quarter arch, and circle	10%
Moveable octagon	50%
Slider - Left Stack & Right Stack	100%
Slider - Center Split	120%

Surcharges	Details (MSRP)
Skylight	\$90.00 per shade
Day/Night Shade- two fabrics on the top and bottom	The price is calculated by combining two shades.
Tile cut out (no warranty for cut out)	\$63.00 per side
2-on-1 & 3-on-1 headrail	The shades are priced individually
Top Light Blocker (white only)	\$8/ per ft. The top light blocker, one piece per shade, will be cut to the shade ordered width. No deduction.
Side Light Blocker (white only)	\$10/ per ft. The side light blockers, two pieces per shade, will be cut to the shade order height. No deduction.
Upgrade the 9/16" or 7/16" shade with a 3/4" headrail*	\$24.00 per shade
Aluminum skylight pole	\$75.00 for the length 3 ft - 5.5 ft \$100.00 for the length 3.5 ft - 9 ft

Notes: The 3-on-1 headrail is not available for the clutch control.

* The option to upgrade the 9/16" or 7/16" shade with a 3/4" headrail is available for all operation systems except the Simple Touch® Wand, skylight, arch, quarter arch, circles, and octagons.

Size limitations by shade type	Cordless	Cordless TDBU	Cordless Day/Night	Clutch	Clutch TDBU	Clutch Day/Night	Skylight	Slider
Minimum Width	12"	19"	19"	12"	23"	23"	16"	24"

Maximum Height	96"	84"	72"	120"	120"	72"	60"	118"

Note: Custom cordless shades with drop between 84" and 96" are manufactured with flat modules.

Standard Features:

- A 1/4" deduction will be taken for the inside mount.
- Aluminum headrail and bottom rail

Day/Night Shade Features:

- Aluminum headrail, middle rail, and bottom rail
- The headrail color coordinates with the fabric color at the top; the middle and bottom rail colors coordinate with the fabric color at the bottom.
- The light filtering fabric is on the top and the blackout fabric is on the bottom.
- Standard clutch control is right clutch operates bottom rail, left clutch operates middle rail. The reverse control is available and upon request.

Skylight Shade Features:

- The finished size **must** be provided. **No deductions will be taken by the manufacturer.**
- Color coordinated headrails, middle rails, bottom rails and fabrics for the motorized skylight.
- For the cordless skylight, the headrail and bottom rail colors coordinate with fabric colors while supplies last. After running out of inventory, the manufacturer will use the white headrail and bottom rail only. The middle rail color always coordinates with the fabric color.
- The side rail color of both cordless and motorized skylights come only in white #001.
- The skylight shade is available for all Blind X-Press fabrics except 1-1/4" and Cell-In-A Cell fabrics.
- All skylight shades are only made with 9/16" headrails.

- For the arch and quarter arch cellular shades, the rail colors coordinate with fabric colors while supplies last. After running out of inventory, the manufacturer will use the white #001 rail only.
- Specialty cellular shades are not available for the skylights.

MOTORIZED CELLULAR SHADES

3 BRANDS AVAILABLE

- SIMPLE TOUCH
- ROLLEASE AUTOMATE
- SOMFY

Simple Touch® Wand Custom Cellular Shades

Simple Touch® Wand motorized cellular shades are powered by the Simple Touch® rechargeable battery pack. The motor can support a shade up to 9 lbs. This unique cordless, battery powered shade has a control on a wand handle. Consumers do not have to worry about losing their remote control.

Simple Touch® Wand cellular shades are constructed with a heavy duty 9/16" headrail and a variety of cellular fabrics. The manufacturer will program the top and bottom limits for each shade.

Surcharge	Added to the cordless price (MSRP)
Simple Touch® Wand	\$ 380

Power Source: Simple Touch® rechargeable battery pack (included)

FEATURES OF THE WAND

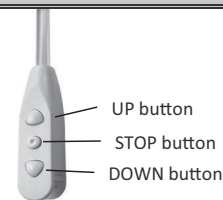

- Standard length: half of the drop of the shade
- The wand is clear with the white cord inside
- Minimum wand length: 12"
- Maximum wand length: 60"

***NOTE:** Standard wand control is on the right side unless specified.

SIMPLE TOUCH® WAND SIZE LIMITATION	
Minimum Width	24"
Minimum Height	12"
Maximum Width	120"
Maximum sq. ft. for the Single Cell	96 sq.ft.
Maximum sq. ft. for the Double Cell	75 sq.ft.
Maximum sq. ft. for the Cell-In-A Cell	64 sq.ft.

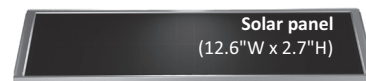

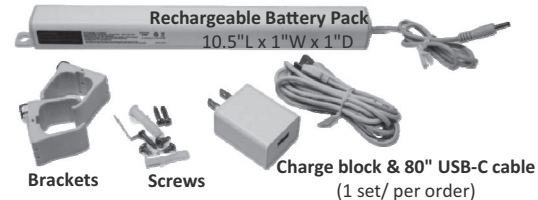

Simple Touch® Wand Motorized Cellular Shades

- The Simple Touch® wand is available with all Blind X-Press fabrics.
- The headrail is only made with 9/16" headrail.
- Color coordinated headrail, end caps, and wand handle
- Pre-programmed with the top and bottom limits
- Option to follow the programming instruction to set up my favorite position
- No hand remote control
- Powered by a Simple Touch® rechargeable battery pack (included)

Power Sources and Solar Panel

- **Standard power source - Simple Touch® rechargeable battery pack**
 - The minimum flush mounting space is 3-1/4" when hooking the battery pack behind the headrail.
 - Option to mount it to the wall or window frame. Keep it away from the sunlight.
 - The mounting brackets and screws are included.
 - The USB wall adaptor and 80" USB-C charge cord are included. The default quantity of the charger and USB cord is 1 set per order. You can request more sets at no cost, up to the same quantity as the rechargeable battery pack you ordered.
 - Color - White
 - Indoor use only
- **Optional solar panel - requires a rechargeable battery pack**
 - The Simple Touch® rechargeable battery pack is compatible with a solar panel from Rollease.
 - The installation kit and USB cord are included.
- **Optional power source - Power adaptor**
 - Powered the shade directly from the wall plug.

ADDITIONAL HARDWARE	MSRP
Simple Touch® rechargeable battery pack	\$ 140

Rollease Acmeda

Motorized Custom Cellular Shades

With this new partnership, Blind X-Press and Rollease Acmeda are working together to provide customers with a comprehensive suite of automated window treatments to fit any application. Our Automate™ motorized cellular shade is made with the low voltage motor that is powered by a lithium rechargeable battery pack. Simply plug it to the motor and then enjoy the benefits of a motorized shade! The shade systems include regular motorized shades and skylight.

Automate™ motorization products have been developed to be seamlessly compatible with Apple HomeKit, Amazon Alexa and Google Home. Simply install the Pulse 2 Hub, download the Automate Pulse 2 App – available for iOS and Android, and set up an account to easily control your smart shades with your voice or smart devices anytime and any where.

NOTE: The default quantity of the charger and USB cord is 1 set per order. You can request more sets at no cost up to the same quantity as the rechargeable battery pack you ordered.

Rollease Acmeda Motorized Custom Cellular Shades

SIZE LIMITATION	REGULAR	SKYLIGHT
Minimum Width	18"	20"
Minimum Height	12"	12"
Maximum Width	120"	60"
Maximum Height	120"	60"

* When using a different power source, the size limitation of the Rollease motorized shade remains the same.

Besides the rechargeable battery pack, we also offer a DC power distribution panel. It is a great option if you are building or renovating a house. This DC power distribution panel allows all Rollease automated cellular shades to function without recharging. A DC power distribution panel can support up to 18 motors at a time. The AC cord and harnesses are required. Choosing flush mount wall switch (5-channel) remotes and/or cut-in wall switch (15-channel) remotes when ordering the DC power panel is another worthwhile consideration. Include them in your project!

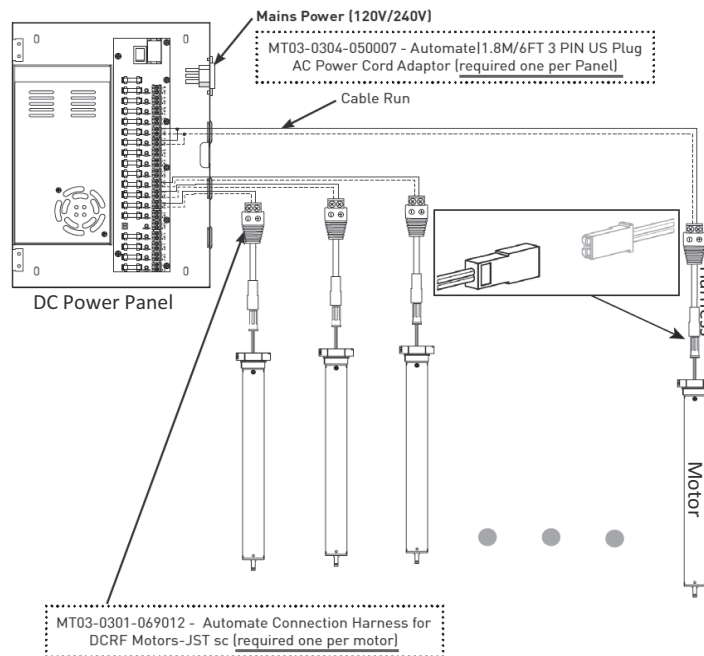

Rollease (power source: DC power panel)	Surcharge MSRP (Added to the cordless price)
Regular	\$ 475
Skylight	\$ 650

What is the best time to order your power panel and hard wire accessories?

- Once the blueprint is finalized
- Know how many windows you will install with cellular shades. Calculate the quantity of DC power panel and accessories you need.
- Inform HT in advance before ordering the Automate cellular shades.

DC Power Panel and Accessories			Surcharge (MSRP)
DC Power Distribution Panel		Capacity for up to 18 DC motors. Works for different wire types. The keys, screws, and fuses are included. Dimensions: 9.27"W x 12.65"H x 2.6"D	\$ 700
AC Cord (for the DC power panel)		Require one AC cord per DC power panel Length: 6ft	\$ 50
DC Connection Harness		Require one harness per motor Length: 3"	\$ 20

Motor Power Distribution Setup Diagram

Note: The hard wire installation is only to be performed by a suitably qualified installer. Detailed instructions for routing the cable and connecting the motors to DC power are available on the HT website.

Color Matching:

To ensure color matching, all cellular shades must be ordered at the same time. This will eliminate possible variations due to the fabric nature. Product availability is subject to change without notice.

Have a question about Automate programming or Pulse 2 app? Rollease technical support team can help you. Call Rollease technical support at (203) 590-5318 Monday through Friday from 8:30am to 5pm Eastern Standard Time or email your questions to ustechsupport@rolleaseacmeda.com.

Somfy

Motorized Custom Cellular Shades & Tahoma

Blind X-Press also offers the Somfy motorized shade that is operated by a battery powered motor TL25 and with the Radio Technology Somfy (RTS) system. The shade is powered by a Somfy lithium rechargeable battery pack. The solar panel is available as well. Control your shades via a hand remote or a hub "Tahoma". Both feature group control function. With Somfy solutions, everything becomes easy!

Tahoma	\$ 850

Hand Held Remote Control (3 options):

Option 1: A single channel RTS remote controls one individual or one group Somfy motorized cellular shades.

Option 2: A 5-channel RTS remote controls up to five individual or five groups of the Somfy motorized shades.

Option 3: A 16-channel RTS remote controls up to 16 individual or 16 groups of the Somfy motorized shades.

Somfy Motorized Cellular Shades

Regular

- All Blind X-Press fabrics are available.
- The li-ion rechargeable battery pack, mounting clips, and charger are included*
- The flush mount depth including the headrail and battery pack is 3-1/4".
- Controlled by the remote you choose. Sold separately.
- Convert it to a smart shade via the hub "TaHoma". Sold separately.
- The shade is pre-programmed with top and bottom limits. The bottom limit is the ordered drop.

Skylight

- All Blind X-Press fabrics are available except 1 1/4" and 3/4" Cell In A Cell fabrics
- The fabric is located between the middle rail and bottom rail. The rail with the motor inside should be always installed at the top.
- The middle rail is pre-programmed with top and bottom limits.
- The headrail and bottom rail are made with 9/16" cordless rail and are non-movable.
- The length of the headrail including end caps is 5/8" less than the finished size.
- The side rail is available in 3 colors, including cotton #001, transparent aluminum # 091, and black #025.
- The finished size must be provided. No deductions will be taken by the manufacturer.

- NOTES:**
- The default quantity of the Somfy charger is 1 piece per order. You can request more chargers at no cost up to the same quantity as the rechargeable battery pack you ordered.
 - Please read the Somfy Rechargeable Battery Pack Instruction carefully before installing and before using the battery. The hard copy is inside the battery pack box.
 - Do not install the battery where it will be exposed to direct sun light.

Power Source, Solar Panel, and Hub

- All Somfy motorized shades are powered by the Somfy lithium rechargeable battery pack.
- The Somfy solar panel is available and sold separately.
- The hub **TaHoma®** is a WIFI to RTS gateway that can control up to 40 RTS channels. TaHoma integrates with third-party systems, including Google Assistant and Amazon Alexa, allowing natural voice commands for controlling shades. In addition, you can easily customize scenes and schedules to fit your lifestyle. TaHoma is easy to install and use, and it's perfect for operating all Somfy-Blind X-Press motorized cellular shades in your entire house.

How to Measure Your Windows

Measure each window individually as sizes may vary. Measure the window width first, then height (length) to the nearest 1/8". Using a metal tap measure the window width from the left to the right and the window height from the top to the bottom. **PLEASE DO NOT USE A CLOTH TAPE!**

Inside Mount:

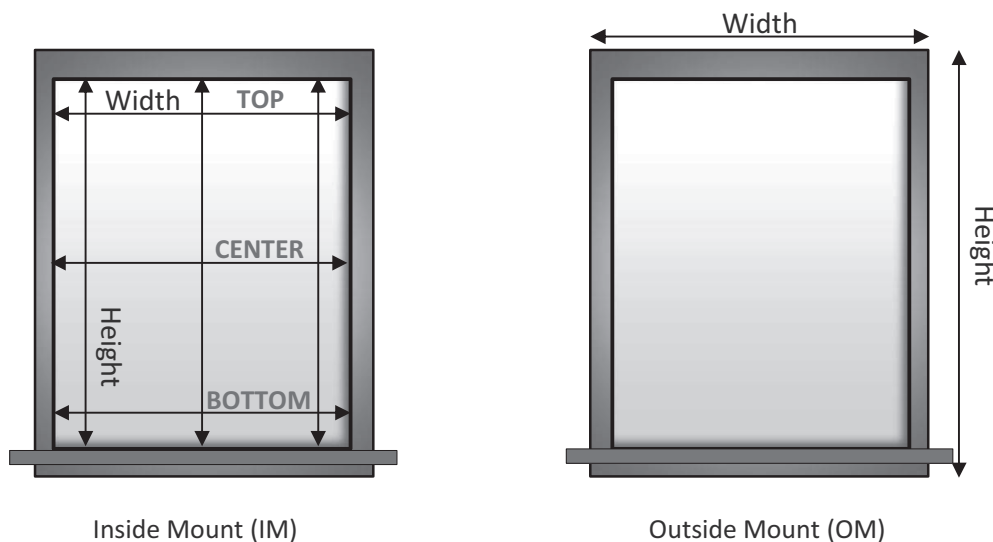

Inside mount shades are installed inside the window frame.

1. Measure the exact inside width of the window frame from one inside edge to the other.
Take three measurements - one near the top, one in the center, and one near the bottom.
Record the narrowest measurement.
2. Measure the exact height in three places: left, center and right from top edge of opening to top of sill.
Record the longest measurement for the cellular shade.
3. Do not take deductions on inside mount measurements. The factory will take an 1/4" allowances for operating clearance.
4. Measure the window diagonally in two places as shown. If the two diagonal measurements are not the same, we suggest an outside mount application for the best shade performance and appearance.

Outside Mount:

Outside mount shades are installed outside the window frame, covering an area larger than the window itself.

1. Measure the exact width of the area to be covered. Be certain the measurement overlaps the window opening by at least 1-1/2" on each side to ensure privacy and light control.
2. Measure exact height to be covered, including desired overlap (usually from top edge of molding to bottom edge, or to top of sill). If there is no sill, measure to where the shade is to reach.
3. The factory does not make deductions for an outside mount.

For more questions about how to measure your window, please contact Blind X-Press customer service at 734-421-8844

LIMITED LIFETIME MANUFACTURER WARRANTY

WHAT IS COVERED BY THE WARRANTY

- Warranty is offered to the original owner.
- The warranty only applies to products installed properly in the window for where they were intended, following Blind X-Press installation instructions, care guide, programming instructions, and suggestions.
- Blind X-Press warranty applies to products made and assembled solely with Blind X-Press original materials.
- Warranty will repair or replace the product solely at Blind X-Press option due to defective material or poor workmanship.
- This warranty gives you specific legal rights and you may also have other rights, which vary from the state to state.

Note: The motorized parts is 5-year warranty.

WHAT IS NOT COVERED BY THE WARRANTY

- This warranty does not apply to any Blind X-Press products damaged by accident, misuse, abuse, direct exposure to salty air or improper moisture, discoloration due to sunlight, under exposure or irregular temperature.
- This warranty does not apply to conditions caused by normal wear and tear upon the product. It does not apply to any product damaged by fire, flood, wind, rain, lightning, or other act of nature environment.
- In no event shall Blind X-Press be liable for incidental or consequential damage, loss, cost, expense or fee.
- Warranty does not apply to liquidated or discontinued items.
- Warranty does not include shipping charges.

ABOUT THE SHIPPING AND RETURN FEES

- **Within 12 months**

Blind X-Press pays for return on the repairs within 12 months of receipt of the products.

Blind X-Press will ship the products back to the customer for free.

- **After 12 months**

The customers are responsible for the return shipping. Blind X-Press will cover the repair cost and ship it back for free.

HOW TO OBTAIN WARRANTY SERVICE

Please contact Blind X-Press Window Fashions customer service with the following information, including:

- Original sales receipt
- Model and identification numbers
- Detail description of defect
